## **FOR IMMEDIATE RELEASE**

### **Launch of Multi Tax Solution (MTS) and Online Portal**

The Management and staff of the Inland Revenue Department (IRD) would like to wish you a happy, healthy and prosperous New Year. We look forward to serving you in 2021 and beyond.

We are pleased to announce that this year we will be launching some aspects of our NEW Multi Tax Solution and Online Portal. This tax administration system will allow for more insightful management and business intelligence reports and facilitate registration, filing and ultimately online payment for specific taxes and licences.

Since April 2019, the IRD and Department of Information Technology and E-Government Services (DITES) teams have been working diligently with Bearing Point Caribbean and Catalyst to Development (C2D) to deliver the ultimate solution to meet Anguilla's needs.

The benefits of this system are consistent with the strategic goals of the IRD to foster a customer-centered focus and to continue to invest in Information Communication Technology (ICT) to improve efficiency and effectiveness of IRD operations.
